To: All Agencies  
Fax number:

From: Wayne Mikel, Dispatch Manager  
Fax Number: 405-238-1147

Date: 10/29/2010

Regarding:  
Addresses in Garmin GPS

Phone number for follow-up:  
405-238-9900

**Comments:**

We have found that Garmin GPS units do not accept addresses in the conventional manner.

To enter an address in a Garmin unit first you put in the address number (ie:17765) then the road name is where it messes up. For E County Road 1500 you have to enter it as E1500 Rd and then it will recognize the address and allow you to plot it and hit the "GO" button and follow the driving directions.

Please pass this on to EMS, Fire and any other responder you know of.

If you have any questions I am in the office Mon – Fri 8:00am to 4:00 pm at 405-238-9900 or call my cell at 405-207-6833 after hours.
